

Eastport Yacht Club Foundation
MARITIME VOCATION TRAINING SCHOLARSHIP

The Eastport Yacht Club Foundation encourages teens and young adults to pursue careers in the Marine Trades. To that end, the Foundation invites applications for scholarship assistance in the classroom portion of Maritime Vocation Training. Scholarships may partially or fully cover the session tuition, depending on the cost and the established need.

This Scholarship Program is designed to encourage classroom study that leads to internship and ultimate employment in the Marine Trades in Annapolis and the surrounding area. The Foundation will also seek to introduce scholarship applicants to local professional tradesmen in their course of study.

The Foundation currently endorses appropriate study at the *Chesapeake Marine Trades School* and *Anne Arundel Community College*. However, the Foundation will entertain scholarship applications for other programs with the understanding that additional information may be required.

Applications should be sent to the Foundation at least 12 weeks prior to course registration by the applicant and his Parent/Guardian (if under 21).

Send completed applications to:

Eastport Yacht Club Foundation
Maritime Vocation Training Scholarship
317 First Street / P.O. Box 3205
Annapolis, MD 21403
